# Abciximab

Prophylactic Platelet Transfusion in Abciximab-Treated Patients Requiring Emergency Coronary Surgery, 373

Vascular Access Site Complications After Percutaneous Coronary Intervention With *Abciximab* in the Evaluation of c7E3 for the Prevention of Ischemic Complications (EPIC) Trial, 36

# Acetylcholine

Vasomotility and Nitric Oxide Bioactivity of the Bridging Segments of the Left Anterior Descending Coronary Artery, 341

# ACUTE Multicenter Study

Design of a Clinical Trial for the Assessment of Cardioversion Using Transesophageal Echocardiography (The ACUTE Multicenter Study), 877

# Acute Myocardial Infarction. See Myocardial Infarction

# Adenosine

Caffeine Abstinence Augments the Systolic Blood Pressure Response to *Adenosine* in Humans, 1382

# Adhesion Molecules

Levels of Circulating Adhesion Molecules in Congestive Heart Failure and After Heart Transplantation, 604

Soluble Vascular Cell Adhesion Molecule-1 and E-Selectin in Patients With Acute Myocardial Infarction Treated with Thrombolytic Agents, 772

# Age. See also Elderly

Cardiovascular Events and Mortality in Newly and Chronically Depressed Persons >70 Years of Age, 988

Complications of Acute Myocardial Infarction in Patients ≥90 Years of Age, 638

Exercise-Induced Silent Myocardial Ischemia in Master Athletes, 261

Impact of Race and Age on the Effects of Regionalization of Cardiac Procedures in the Department of Veterans Affairs Health Care System, 982

# Agings

The Heart at Necropsy in Centenarians, 1224

# Alcohol

Alcohol and Coronary Artery Disease, 530  
Neurohumoral Cardiovascular Responses to Alcohol and Their Modulation by Peroral Fluid, 761

# Alpha-Tocopherol

Effects of Increasing Doses of *Alpha-Tocopherol* in Providing Protection of Low-Density Lipoprotein from Oxidation, 231

# Alteplase

Fibrinogen Breakdown, Long-Lasting Systemic Fibrinolysis, and Procoagulant Activation During *Alteplase* Double-Bolus Regimen in Acute Myocardial Infarction, 841

# Altitude

Effects of Exposure to Altitude on Men With Coronary Artery Disease and Impaired Left Ventricular Function, 266

# Amiodarone

Intravenous *Amiodarone* for Acute Heart Rate Control in the Critically Ill Patient With Atrial Tachyarrhythmias, 594

Low-Dose *Amiodarone* Versus *Sotalol* for Suppression of Recurrent Symptomatic Atrial Fibrillation, 995

# Amlodipine

*Amlodipine* Versus *Diltiazem* as Additional Antianginal Treatment to *Atenolol*, 133

Efficacy of Low-Dose Combination of *Bisoprolol*/*Hydrochlorothiazide* Compared With *Amlodipine* and *Enalapril* in Men and Women With Essential Hypertension, 1363

Safety of Long-Acting Dihydropyridine Calcium Channel Blockers in Hypertensive Patients, 163

Value of Addition of *Amlodipine* to *Atenolol* in Patients With Angina Pectoris Despite Adequate Beta Blockade, 128

# Amyloid

Autoimmune and Inflammatory Responses May Have an Additive Effect in Postpercutaneous Transluminal Coronary Angioplasty Restenosis, 339

# Anatomy

Interrupted Inferior Vena Cava in Asplenia Syndrome and a Review of the Hereditary Patterns of Visceral Situs Abnormalities, 111

# Angina

*Amlodipine* Versus *Diltiazem* as Additional Antianginal Treatment to *Atenolol*, 133

Angioscopy of Culpit Coronary Lesions in Unstable Angina Pectoris and Correlation of Clinical Presentation With Plaque Morphology, 225

Circadian Variation of Myocardial Ischemia in Patients With Unstable Angina Pectoris Secondary to Fixed and/or Spastic Coronary Narrowing, 629

Comparison of Coronary Calcium in Stable Angina Pectoris and in First Acute Myocardial Infarction Utilizing Double Helical Computerized Tomography, 271

Comparison of Electron-Beam Computed Tomography and Intracoronary Ultrasound in Detecting Calcified and Noncalcified Plaques in Patients With Acute Coronary Syndromes and No or Minimal to Moderate Angiographic Coronary Artery Disease, 141

Comparison of Plasma Tissue Factor Levels in Unstable and Stable Angina Pectoris, 22

Detection of Coronary Vasospasm by Posthyperventilation Technetium-99m Sestamibi Single-Photon Emission Computed Tomography Imaging in Patients With Coronary Artery Disease, 573

Effect of *Diltiazem* on Sympathetic Hyperactivity in Patients With Vasospastic Angina as Assessed by Spectral Analysis of Arterial Pressure and Heart Rate Variability, 137

Effects of Prior Aspirin and Anti-Ischemic Therapy on Outcome of Patients With Unstable Angina, 678

Electrocardiographic and Clinical Predictors of Acute Myocardial Infarction in Patients With Unstable Angina Pectoris, 1182

Endoscopic Transthoracic Sympathectomy in Angina Pectoris, 664

Heart Rate Dynamics in Patients With Stable Angina Pectoris and Utility of Fractal and Complexity Measures, 27

Heparin Is More Effective Than *Inogatran*, a Low-Molecular Weight Thrombin Inhibitor in Suppressing Ischemia and Recurrent Angina in Unstable Coronary Disease, 939

Influence of Race on the Prediction of Cardiac Events With Stress Technetium-99m Sestamibi Tomographic Imaging in Patients With Stable Angina Pectoris, 293

Origin of Angina Pectoris in Patients with High-Grade Single-Vessel Coronary Artery Stenosis Undergoing Percutaneous Transluminal Coronary Angioplasty, 1345

Previous Angina Reduces In-Hospital Death in Patients With Acute Myocardial Infarction, 117

Prognostic Role of Troponin T Versus Troponin I in Unstable Angina Pectoris for Cardiac Events With Meta-Analysis Comparing Published Studies, 1405

Rationale and Design of the Myocardial Ischemia Reduction With Aggressive Cholesterol Lowering (MIRACL) Study That Evaluates *Atorvastatin* in Unstable Angina Pectoris and in Non-Q-Wave Acute Myocardial Infarction, 578

Relation of Heart Rate Variability and Serum Lipoproteins in Type 1 Diabetes Mellitus and Chronic Stable Angina Pectoris, 945

Structural Constriction of the Artery Wall Contributes to Stenosis Severity in Unstable Angina, 1196

Twenty-Two-Year Follow-Up in the VA Cooperative Study of Coronary Artery Bypass Surgery for Stable Angina, 1393

Value of Addition of *Amlodipine* to *Atenolol* in Patients With Angina Pectoris Despite Adequate Beta Blockade, 128

The "Warm-Up" Phenomenon Occurs in Patients With Chronic Stable Angina But Not in Patients With Syndrome X, 123

# Angiography

Comparative Early and Nine-Month Results of Rotational Atherectomy, Stents, and the Combination of Both for Calcified Lesions in Large Coronary Arteries, 552

Comparison of Angiographic and Clinical Outcomes of Coronary Stenting of Chronic Total Occlusions Versus Subtotal Occlusions, 1

Comparison of Radial Versus Brachial Approaches for Diagnostic Coronary Angiography When the Femoral Approach Is Contraindicated, 770

Comparison of Steerable Continuous-Wave Versus Pulsed-Wave Doppler Ultrasonography to Renal Artery Angiography in Diagnosing Renal Artery Stenosis, 365

Efficacy and Safety of a Hemostatic Puncture Closure Device With Early Ambulation After Coronary Angiography, 569

Impact of Injection Rate on the Thrombolysis in Myocardial Infarction (TIMI) Trial Frame Count, 1268

Interrelation of Coronary Angiographic Reference Lumen Size and Intravascular Ultrasound Target Lesion Calcium, 387

Long-Term Prognosis of 210 Patients Who Underwent

Coronary Angiography Before 40 Years of Age, 1168

Quantitative Angiography of Coronary Artery Dimensions 24 Hours After Rotational Atherectomy, 1427

Usefulness of Doppler Echocardiography in Diagnosing Right Ventricular Coronary Arterial Communications in Patients With Pulmonary Atresia and Intact Ventricular Septum and Comparison With Angiography, 103

Usefulness of the Substitution of Nonangiographic End Points (Death, Acute Myocardial Infarction, Coronary Bypass and/or Repeat Angioplasty) for Follow-Up Coronary Angiography in Evaluating the Success of Coronary Angioplasty in Patients With Angina Pectoris, 382

**Angioplasty. See also Balloon Angioplasty**

Autoimmune and Inflammatory Responses May Have an Additive Effect in Postpercutaneous Transluminal Coronary Angioplasty Restenosis, 339

Cardiac Release and Kinetics of Endothelin After Uncomplicated Percutaneous Transluminal Coronary Angioplasty, 1421

Clinical Outcome at Six Months of Coronary Stenting Followed by *Ticlopidine* Monotherapy, 147

A Comparison of Percutaneous Transluminal Coronary Angioplasty in the Department of Veterans Affairs and in the Private Sector in the State of Washington, 1094

Continuous Monitoring of Global Left Ventricular Ejection Fraction During Percutaneous Transluminal Coronary Angioplasty, 853

Coronary Angioplasty Outcomes in the Healthcare Cost and Utilization Project, 1993-1994, 848

### Coronary Artery Fistula

Effect of Suture Closure of Coronary Artery Fistula on Aneurysmal Coronary Artery and Myocardial Ischemia, 1263

### Coronary Artery Occlusion

Asynergy of the Noninfarcted Left Ventricular Inferior Wall in Anterior Wall Acute Myocardial Infarction Secondary to Isolated Occlusion of the Left Anterior Descending Artery, 828

Usefulness of Pulse-Wave Doppler Tissue Sampling and *Dobutamine* Stress Echocardiography for the Diagnosis of Right Coronary Artery Narrowing, 1411

Usefulness of ST-Segment Elevation in Lead III Exceeding That of Lead II for Identifying the Location of the Totally Occluded Coronary Artery in Inferior Wall Myocardial Infarction, 918

### Coronary Circulation

*Ergonovine*-Induced Alterations in Coronary Flow Velocity Preceding Onset of Occlusive Spasm in Patients With Significant Coronary Artery Stenosis, 688

### Coronary Collaterals

Origin of Angina Pectoris in Patients with High-Grade Single-Vessel Coronary Artery Stenosis Undergoing Percutaneous Transluminal Coronary Angioplasty, 1345

### Coronary Events

Comparison of Frequency of New Coronary Sinus Events in Older Persons With Mild, Moderate, and Severe Valvular Aortic Stenosis With Those Without Aortic Stenosis, 647

### Coronary Microcirculation

Effects of *Ergotamine* on Myocardial Blood Flow in Migraineurs Without Evidence of Atherosclerotic Coronary Artery Disease, 1165

### Coronary Revascularization

Impact of Exercise Single-Photon Emission Computed Tomographic Imaging on Appropriateness of Coronary Revascularization, 1489

### Coronary Vasospasm

*Ergonovine*-Induced Alterations in Coronary Flow Velocity Preceding Onset of Occlusive Spasm in Patients With Significant Coronary Artery Stenosis, 688

### CURVES Study

Comparative Dose Efficacy Study of *Atorvastatin* Versus *Simvastatin*, *Pravastatin*, *Lovastatin*, and *Fluvastatin* in Patients With Hypercholesterolemia (The CURVES Study), 582

### Cytomegalovirus (CMV) Antibodies

High Anti-Cytomegalovirus (CMV) IgA Antibody Titer Is Associated With Coronary Artery Disease and May Predict Post-Coronary Balloon Angioplasty Restenosis, 866

### Defibrillation

Simplified Implantation of Single-Lead Pectoral Cardioverter Defibrillators Using Device-Based Testing, 503

Subcutaneous Single-Incision Implantation of Cardioverter-Defibrillators Under Local Anesthesia by Electrophysiologists in the Electrophysiology Laboratory, 302

### Demographics

Fewer Hearts Than Earlier Predicted, 660

### Depression

Cardiovascular Events and Mortality in Newly and Chronically Depressed Persons >70 Years of Age, 988

Prevalence and Effects of Cardiac Rehabilitation on Depression in the Elderly With Coronary Heart Disease, 1233

### Diabetes Mellitus

Comparison of Factors Associated With 30-Day Mortality After Coronary Artery Bypass Grafting in Patients With Versus Without Diabetes Mellitus, 7

One-Year Outcomes of Diabetic Versus Nondiabetic Patients With Non-Q-Wave Acute Myocardial Infarction Treated with Percutaneous Coronary Angioplasty, 1067

Paradoxical Decreases in Atherosclerotic Plaque Mass in Insulin-Treated Diabetic Patients, 1298

Relation of Heart Rate Variability and Serum Lipoproteins in Type 1 Diabetes Mellitus and Chronic Stable Angina Pectoris, 945

### Diastolic Function

Hemodynamic Basis of Mitral E Transmission in the Left Ventricular Cavity and Its Relation to the Left Ventricular Relaxation Process, 1385

Left Ventricular Doppler Diastolic Filling Patterns in Patients With Isolated Left Bundle Branch Block, 643

Noninvasive Evaluation of Left Ventricular Diastolic Function in Hypertrophic Cardiomyopathy, 180

Usefulness of Noninvasive Detection of Left Ventricular Diastolic Abnormalities During Isometric Stress in Hypertrophic Cardiomyopathy and in Athletes, 306

### Digoxin Therapy

A New Criterion Combining ST/HR Slope and ST $\Delta$ / $\Delta$ HR Index for Detection of Coronary Artery Disease in Patients on Digoxin Therapy, 1100

### Dihydropyridines

Safety of Long-Acting Dihydropyridine Calcium Channel Blockers in Hypertensive Patients, 163

### Diltiazem

*Amlodipine* Versus *Diltiazem* as Additional Antianginal Treatment to *Atenolol*, 133

Effect of *Diltiazem* on Sympathetic Hyperactivity in Patients With Vasospastic Angina as Assessed by Spectral Analysis of Arterial Pressure and Heart Rate Variability, 137

### Dobutamine

Diagnostic and Prognostic Implications of Left Ventricular Cavity Obliteration Response to *Dobutamine* Echocardiography, 1318

Different Clinical and Prognostic Significance of Painful and Silent Ischemia Detected by Exercise Electrocardiography and *Dobutamine* Stress Echocardiography After Uncomplicated Myocardial Infarction, 75

Hemodynamic Performance of the 21-mm St. Jude Biointerplant Prosthesis Using *Dobutamine* Doppler Echocardiography, 599

Low-Dose *Dobutamine* Stress Echocardiography in Children and Young Adults, 895

Quantification of the Myocardial Response to Low-Dose *Dobutamine* Using Tissue Doppler Echocardiographic Measures of Velocity and Velocity Gradient, 615

Quantification of the Myocardial Response to Low-Dose *Dobutamine* Using Tissue Doppler Echocardiographic Measures of Velocity and Velocity Gradient (Erratum), 1066

Relation of Ultrasonic Tissue Characterization With Integrated Backscatter to Contractile Reserve in Chronic Left Ventricular Ischemic Dysfunction, 68

Usefulness of Isometric Exercise During *Dobutamine* Administration for Stress Echocardiography, 255

Usefulness of Pulse-Wave Doppler Tissue Sampling and *Dobutamine* Stress Echocardiography for the Diagnosis of Right Coronary Artery Narrowing, 1411

Value of *Dobutamine* Stress Echocardiography for the Detection of Multivessel Coronary Artery Disease, 298

### Doppler

Changes in Superior Vena Cava Velocity Patterns in Normal Neonates, 362

Comparison of Quantitative Doppler With Magnetic Resonance Imaging for Assessment of the Severity of Mitral Regurgitation, 792

Comparison of Steerable Continuous-Wave Versus Pulsed-Wave Doppler Ultrasonography to Renal Artery Angiography in Diagnosing Renal Artery Stenosis, 365

Contraction and Relaxation Velocities of the Normal Left Ventricle Using Pulsed-Wave Tissue Doppler Echocardiography, 609

Doppler-Derived Acceleration Rate of Right Ventricular Early Filling as a Measurement of Right Atrial Pressure in Chronic Heart Failure Secondary to Ischemic or Idiopathic Dilated Cardiomyopathy, 513

Ergonovine-Induced Alterations in Coronary Flow Velocity Preceding Onset of Occlusive Spasm in Patients With Significant Coronary Artery Stenosis, 688

Hemodynamic Performance of the 21-mm St. Jude Bioprosthesis Using *Dobutamine* Doppler Echocardiography, 599

In Vitro Doppler Assessment of Pressure Gradients Across Modified Blalock-Taussig Shunts, 1219

Pulsed Doppler Tissue Imaging, 663

Quantification of the Myocardial Response to Low-Dose *Dobutamine* Using Tissue Doppler Echocardiographic Measures of Velocity and Velocity Gradient, 615

Quantification of the Myocardial Response to Low-Dose *Dobutamine* Using Tissue Doppler Echocardiographic Measures of Velocity and Velocity Gradient (*Erratum*), 1066

Right and Left Ventricular Wall Motion Velocities as Diagnostic Indicators of Constrictive Pericarditis, 465

Test—Retest Reproducibility of Maximum Cardiac Output by Doppler Echocardiography, 1228

Usefulness of Doppler Echocardiography in Diagnosing Right Ventricular Coronary Arterial Communications in Patients With Pulmonary Atresia and Intact Ventricular Septum and Comparison With Angiography, 103

Usefulness of Pulmonary Regurgitation Doppler Tracings in Predicting In-Hospital and Long-Term Outcome in Patients With Inferior Wall Acute Myocardial Infarction, 276

Usefulness of Pulse-Wave Doppler Tissue Sampling and *Dobutamine* Stress Echocardiography for the Diagnosis of Right Coronary Artery Narrowing, 1411

Value of a Doppler-Derived Index Combining Systolic and Diastolic Time Intervals in Predicting Outcome in Primary Pulmonary Hypertension, 1157

### Left Atrial Function

Left Atrial Mechanical Adaptation to Long-Standing Hemodynamic Loads Based on Pressure—Volume Relations, 1138

Role of Left Atrial Appendage in Left Atrial Reservoir Function as Evaluated by Left Atrial Appendage Clamping During Cardiac Surgery, 327

### Left Ventricle

Comparison of the Various Electrocardiographic Scoring Codes for Estimating Anatomically Documented Sizes of Single and Multiple Infarcts of the Left Ventricle, 809

Contraction and Relaxation Velocities of the Normal Left Ventricle Using Pulsed-Wave Tissue Doppler Echocardiography, 609

## Left Ventricular Assist Devices

Exercise Performance and Chronotropic Response in Heart Failure Patients With Implantable Left Ventricular Assist Devices, 1230

## Left Ventricular Function

Changes in Absolute and Relative Importance in the Prognostic Value of Left Ventricular Systolic Function and Congestive Heart Failure After Acute Myocardial Infarction, 1292

Comparison of Different Echocardiographic Methods With Radionuclide Imaging for Measuring Left Ventricular Ejection Fraction During Acute Myocardial Infarction Treated by Thrombolytic Therapy, 538

Continuous Monitoring of Global Left Ventricular Ejection Fraction During Percutaneous Transluminal Coronary Angioplasty, 853

Echocardiographic Evaluation of Left Ventricular Systolic Function in the Down Syndrome, 1215

Effects of Exposure to Altitude on Men With Coronary Artery Disease and Impaired Left Ventricular Function, 266

Hemodynamic Basis of Mitral E Transmission in the Left Ventricular Cavity and Its Relation to the Left Ventricular Relaxation Process, 1385

Left Ventricular Function and Coagulation Activity in Healed Myocardial Infarction, 920

Left Ventricular Performance in the Early Stages of Systemic Hypertension, 418

Left Ventricular Systolic Torsion and Early Diastolic Filling by Echocardiography in Normal Humans, 1465

Noninvasive Evaluation of Left Ventricular Diastolic Function in Hypertrophic Cardiomyopathy, 180

Physician Management of Patients With Heart Failure and Normal Versus Decreased Left Ventricular Systolic Function, 506

Usefulness of Noninvasive Detection of Left Ventricular Diastolic Abnormalities During Isometric Stress in Hypertrophic Cardiomyopathy and in Athletes, 306

## Left Ventricular Hypertrophy

Diagnostic Accuracy of Stress Thallium-201 Tomography in Patients With Left Ventricular Hypertrophy, 1205

Impact of Ethnicity on Left Ventricular Mass and Relative Wall Thickness in Essential Hypertension, 412

Marked Left Ventricular Hypertrophy in Children on Tacrolimus (FK506) After Orthotopic Liver Transplantation, 1278

Reduction of QT and QTc Dispersion During Long-Term Treatment of Systemic Hypertension With Enalapril, 170

Reliability of Electrocardiogram for Detecting Left Ventricular Hypertrophy in the Elderly, 650

## Left Ventricular Remodeling

Implications of Left Ventricular Remodeling in Hypertrophic Cardiomyopathy, 1339

## Left Ventricular Thrombosis

Predischarge Two-Dimensional Echocardiographic Evaluation of Left Ventricular Thrombosis After Acute Myocardial Infarction in the GISSI-3 Study, 822

## Limb Ischemia

Usefulness of Transesophageal Echocardiography in Determining the Source of Emboli in Patients With Acute Limb Ischemia, 253

## Lipids. See also Lipoproteins

Effects of Moderate Intensity Exercise on Serum Lipids in African-American Men With Severe Systemic Hypertension, 732

Effects of Practice Setting on Quality of Lipid-Lowering Management in Patients With Coronary Artery Disease, 1416

Free Fatty Acid Kinetics and Oxidation in Congestive Heart Failure, 45

Lipid Lowering in a Multidisciplinary Clinic Compared With Primary Physician Management, 929

On the Statins, Correcting Plasma Lipid Levels, and Preventing the Clinical Sequelae of Atherosclerotic Coronary Heart Disease, 1045

The Worth of Controlling Plasma Lipids, 1047

## Lipoproteins. See also Low-Density Lipoprotein

Dyslipidemias Have a Detrimental Effect on Left Ventricular Systolic Function in Patients With a First Acute Myocardial Infarction, 531

Effects of Crystalline Nicotinic Acid-Induced Hepatic Dysfunction on Serum Low-Density Lipoprotein Cholesterol and Lecithin Cholesteryl Acyl Transferase, 805

Effects of Increasing Doses of Alpha-Tocopherol in Providing Protection of Low-Density Lipoprotein from Oxidation, 231

Relation of Heart Rate Variability and Serum Lipoproteins in Type 1 Diabetes Mellitus and Chronic Stable Angina Pectoris, 945

## Lovastatin

Aggressive Lipid Lowering in Postcoronary Angioplasty Patients With Elevated Cholesterol (the Lovastatin Restenosis Trial), 632

Comparative Dose Efficacy Study of Atorvastatin Versus Simvastatin, Pravastatin, Lovastatin, and Fluvastatin in Patients With Hypercholesterolemia (The CURVES Study), 582

## Low-Density Lipoprotein

Effects of Crystalline Nicotinic Acid-Induced Hepatic Dysfunction on Serum Low-Density Lipoprotein Cholesterol and Lecithin Cholesteryl Acyl Transferase, 805

Effects of Increasing Doses of Alpha-Tocopherol in Providing Protection of Low-Density Lipoprotein from Oxidation, 231

Long-Term Effects of Low-Density Lipoprotein Apheresis Using an Automated Dextran Sulfate Cellulose Adsorption System, 407

A World Wide Web Site for Low-Density Lipoprotein Receptor Gene Mutations in Familial Hypercholesterolemia: Sequence-Based, Tabular, and Direct Submission Data Handling, 1509

## Magnesium

Usefulness of Intravenous Magnesium for Multifocal Atrial Tachycardia in Patients With Chronic Obstructive Pulmonary Disease, 91

## Magnetic Resonance Imaging

Comparison of Quantitative Doppler With Magnetic Resonance Imaging for Assessment of the Severity of Mitral Regurgitation, 792

Skeletal Muscle Metabolism in Maximal Bicycle and Treadmill Exercise Distinguished by Using In Vivo Metabolic Freeze Method and Phosphorus-31 Magnetic Resonance Spectroscopy in Normal Men, 106

## Males. See Men

## Mega-Artery

Comparison of Patients With Inferior Wall Acute Myocardial Infarction With Versus Without ST-Segment Elevation in Leads V<sub>5</sub> and V<sub>6</sub>, 81

## Men

Comparative Accuracy of Three Automated Techniques in the Noninvasive Estimation of Central Blood Pressure in Men, 1004

Correct Utilization of Exercise Electrocardiographic Leads in Differentiation of Men With Coronary Artery Disease from Patients With a Low Likelihood of Coronary Artery Disease Using Peak Exercise ST-Segment Depression, 964

Effects of Exposure to Altitude on Men With Coronary Artery Disease and Impaired Left Ventricular Function, 266

Effects of Moderate Intensity Exercise on Serum Lipids in African-American Men With Severe Systemic Hypertension, 732

Efficacy of Low-Dose Combination of Bisoprolol/ Hydrochlorothiazide Compared With Amlodipine and Enalapril in Men and Women With Essential Hypertension, 1363

Plasma Volume Changes With an Acute Bout of High-Intensity Exercise in Men With Chronic Congestive Heart Failure Secondary to Coronary Artery Disease, 509

Skeletal Muscle Metabolism in Maximal Bicycle and Treadmill Exercise Distinguished by Using In Vivo Metabolic Freeze Method and Phosphorus-31 Magnetic Resonance Spectroscopy in Normal Men, 106

## Meta-Analysis

Prognostic Role of Troponin T Versus Troponin I in Unstable Angina Pectoris for Cardiac Events With Meta-Analysis Comparing Published Studies, 1405

## Methods

Agreement and Reproducibility of Automatic Versus Manual Measurement of QT Interval and QT Dispersion, 471

Clinical Yield and Cost of Exercise Treadmill Testing to Screen for Coronary Artery Disease in Asymptomatic Adults, 219

Midazolam Premedication Improves Tolerance of Transesophageal Echocardiography, 1022

Relation of Ultrasonic Tissue Characterization With Integrated Backscatter to Contractile Reserve in Chronic Left Ventricular Ischemic Dysfunction, 68

## Metoprolol

Acute Hemodynamic Effects of Metoprolol  $\pm$  Nitroglycerin in Patients With Biopsy-Proven Lymphocytic Myocarditis, 801

Effect of Atenolol or Metoprolol on Waking Hour Dynamics of the QT Interval in Myocardial Infarction, 924

Effect of Metoprolol in Reducing Myocardial Ischemic

Threshold During Exercise and During Daily Activity, 775

### **Midazolam**

*Midazolam* Premedication Improves Tolerance of Transesophageal Echocardiography, 1022

### **MIRACL Study**

Rationale and Design of the Myocardial Ischemia Reduction With Aggressive Cholesterol Lowering (MIRACL) Study That Evaluates *Atorvastatin* in Unstable Angina Pectoris and in Non-Q-Wave Acute Myocardial Infarction, 578

### **Mitral Annular Calcification**

Association Between Mitral Annular Calcium and Aortic Atheroma as Detected by Transesophageal Echocardiographic Study, 784

Association of Mitral Annular Calcium With New Thromboembolic Stroke at 44-Month Follow-Up of 2,148 Persons, Mean Age 81 Years, 105

One-Year Outcomes of Diabetic Versus Nondiabetic Patients With Non-Q-Wave Acute Myocardial Infarction Treated With Percutaneous Coronary Angioplasty, 1067

Pericardial Effusion After Primary Percutaneous Transluminal Coronary Angioplasty in First Q-Wave Acute Myocardial Infarction, 1090

Predictive Value of Planar 18F-Fluorodeoxyglucose Imaging for Cardiac Events in Patients After Acute Myocardial Infarction, 1072

Predischarge Two-Dimensional Echocardiographic Evaluation of Left Ventricular Thrombosis After Acute Myocardial Infarction in the GISSI-3 Study, 822

Previous Angina Reduces In-Hospital Death in Patients With Acute Myocardial Infarction, 117

Rationale and Design of the Myocardial Ischemia Reduction With Aggressive Cholesterol Lowering (MIRACL) Study That Evaluates *Atorvastatin* in Unstable Angina Pectoris and in Non-Q-Wave Acute Myocardial Infarction, 578

Relation of Von Willebrand Factor to Occurrence of Q Waves and Thrombolytic Treatment in Acute Myocardial Infarction, 497

Safety of Intracoronary Ultrasound Imaging in Patients With Acute Myocardial Infarction, 641

Serial Changes in Plasma Levels of Soluble P-Selectin in Patients With Acute Myocardial Infarction, 397

Significance of Development of Late Potentials After Anterior Wall Acute Myocardial Infarction Despite Successful Primary Angioplasty of the Left Anterior Descending Coronary Artery, 1239

Soluble Vascular Cell Adhesion Molecule-1 and E-Selectin in Patients With Acute Myocardial Infarction Treated With Thrombolytic Agents, 772

Usefulness of Enhanced Insulin Secretion During an Oral Glucose Tolerance Test as a Predictor of Restenosis After Direct Percutaneous Transluminal Coronary Angioplasty During Acute Myocardial Infarction in Patients Without Diabetes Mellitus, 698

Usefulness of Pulmonary Regurgitation Doppler Tracings in Predicting In-Hospital and Long-Term Outcome in Patients With Inferior Wall Acute Myocardial Infarction, 276

Usefulness of ST-Segment Elevation in Lead III Exceeding That of Lead II for Identifying the Location of the Totally Occluded Coronary Artery in Inferior Wall Myocardial Infarction, 918

Usefulness of Technetium-99m Sestamibi Infarct Size in Predicting Posthospital Mortality Following Acute Myocardial Infarction, 1491

## Myocardial Ischemia

Cardiac Release and Kinetics of Endothelin After Uncomplicated Percutaneous Transluminal Coronary Angioplasty, 1421

Circadian Variation of Myocardial Ischemia in Patients With Unstable Angina Pectoris Secondary to Fixed and/or Spastic Coronary Narrowing, 629

Clinical Correlates and Prognostic Significance of Early Negative Exercise Tolerance Test in Patients With Acute Chest Pain Seen in the Hospital Emergency Department, 288

Continuous Monitoring of Global Left Ventricular Ejection Fraction During Percutaneous Transluminal Coronary Angioplasty, 853

Effect of *Metoprolol* in Reducing Myocardial Ischemic Threshold During Exercise and During Daily Activity, 775

Effect of Suture Closure of Coronary Artery Fistula on Aneurysmal Coronary Artery and Myocardial Ischemia, 1263

Exercise-Induced Silent Myocardial Ischemia in Master Athletes, 261

Heparin Is More Effective Than *Inogatran*, a Low-Molecular Weight Thrombin Inhibitor in Suppressing Ischemia and Recurrent Angina in Unstable Coronary Disease, 939

Rationale and Design of the Myocardial Ischemia Reduction With Aggressive Cholesterol Lowering (MIRACL) Study That Evaluates *Atorvastatin* in Unstable Angina Pectoris and in Non-Q-Wave Acute Myocardial Infarction, 578

Relation Between Exercise-Induced Myocardial Ischemia as Assessed by Nitrogen-13 Ammonia Positron Emission Tomography and QT Interval Behavior in Patients With Right Bundle Branch Block, 816

Relation Between QT Dispersion and the Extent of Myocardial Ischemia in Patients With Three-Vessel Coronary Artery Disease, 564

## Myocardial Perfusion Imaging

Do Stress Echocardiography and Myocardial Perfusion Imaging Have the Same Ability to Identify the Low-Risk Patient With Known or Suspected Coronary Artery Disease?, 1050

Stress Myocardial Perfusion Imaging After Coronary Angioplasty, 766

## Myocardial Viability

Predictive Value of Planar 18F-Fluorodeoxyglucose Imaging for Cardiac Events in Patients After Acute Myocardial Infarction, 1072

Relation of Ultrasonic Tissue Characterization With Integrated Backscatter to Contractile Reserve in Chronic Left Ventricular Ischemic Dysfunction, 68

## Myocarditis

Acute Hemodynamic Effects of *Metoprolol*  $\pm$  *Nitroglycerin* in Patients With Biopsy-Proven Lymphocytic Myocarditis, 801

Levels of Soluble Fas in Patients With Myocarditis, Heart Failure of Unknown Origin, and in Healthy Volunteers, 798

## Neonatal Circulation

Changes in Superior Vena Cava Velocity Patterns in Normal Neonates, 362

## NHANES I Epidemiologic Follow-Up Study

Baseline Serum Total Cholesterol and Coronary Heart Disease Incidence in African-American Women (The NHANES I Epidemiologic Follow-Up Study), 1246

## Niacin

The New Cholesterol Education Imperative and Some Comments on Niacin, 490

## Nicotinic Acid

Effects of Crystalline Nicotinic Acid-Induced Hepatic Dysfunction on Serum Low-Density Lipoprotein Cholesterol and Lecithin Cholesteryl Acyl Transferase, 805

## Nifedipine

Safety of Long-Acting Dihydropyridine Calcium Channel Blockers in Hypertensive Patients, 163

## Nitric Oxide

Nitric Oxide Contributes to the Rise in Forearm Blood Flow During Mental Stress in Humans, 808

Inhaled Nitric Oxide Improves Exercise Capacity in Patients With Severe Heart Failure and Right Ventricular Dysfunction, 1489

## Nitric Oxide Synthase

Association of a Polymorphism of the Endothelial Constitutive Nitric Oxide Synthase Gene With Myocardial Infarction in the Japanese Population, 83

## Nitroglycerin

Acute Hemodynamic Effects of *Metoprolol*  $\pm$  *Nitroglycerin* in Patients With Biopsy-Proven Lymphocytic Myocarditis, 801

Comparison of Atrial Natriuretic Peptide Versus Nitroglycerin for Reducing Blood Pressure in Acute Myocardial Infarction, 781

Design of a Randomized, Placebo-Controlled Multicenter Trial on the Long-Term Effects of Intermittent Transdermal Nitroglycerin on Left Ventricular Remodeling After Acute Myocardial Infarction, 719

## Orthostatic Hypotension

Effects of Meal Ingestion and Active Standing on Blood Pressure in Patients  $\geq 60$  Years of Age, 1310

## Osteitis Deformans

Osteitis Deformans (Paget's Disease) and Calcific Disease of the Heart Valves, 1461

## Outcomes

Clinical and Echocardiographic Outcomes of Aortic Intramural Hemorrhage Compared With Acute Aortic Dissection, 202

Clinical Outcome at Six Months of Coronary Stenting Followed by *Ticlopidine* Monotherapy, 147

Comparative Early and Nine-Month Results of Rotational Atherectomy, Stents, and the Combination of Both for Calcified Lesions in Large Coronary Arteries, 552

A Comparison of Percutaneous Transluminal Coronary Angioplasty in the Department of Veterans Affairs and in the Private Sector in the State of Washington, 1094

Effects of Aspirin on Angiotensin-Converting Enzyme Inhibition and Left Ventricular Dilation One Year After Acute Myocardial Infarction, 1178

Frequency of Adverse Clinical Events in the 12 Months Following Successful Intracoronary Stent Placement in Patients Treated With Aspirin and *Ticlopidine* (Without Warfarin), 713

Frequency of Low-Risk Hospital Admissions for Heart Failure, 41

In-Hospital and Late Results of Coronary Stents Versus Conventional Balloon Angioplasty in Acute Myocardial Infarction (GRAMI Trial), 1286

Late Outcome of Survivors of Idiopathic Ventricular Fibrillation, 999

Long-Term Follow-Up of St. Jude Medical Prosthesis in a Young Rheumatic Population Using Low-Level *Warfarin* Anticoagulation: An Analysis of the Temporal Distribution of Causes of Death, 736

One-Year Follow-Up of Recanalization of Totally Occluded Aortocoronary Saphenous Vein Grafts Using Transluminal Extraction Atherectomy, 636

One-Year Follow-Up of the Stent Restenosis (STRESS I) Study, 860

Outcome in Cyanotic Neonates With Ebstein's Anomaly, 749

Prediction of Death and Neurologic Outcome in the Emergency Department in Out-of-Hospital Cardiac Arrest Survivors, 17

Predictors of Survival After Coronary Artery Bypass Grafting in Patients With Total Occlusion of the Left Main Coronary Artery, 343

Previous Angina Reduces In-Hospital Death in Patients With Acute Myocardial Infarction, 117

Safety and Feasibility of Same Day Discharge in Patients Undergoing Radiofrequency Catheter Ablation, 233

Size of Ventricular Structures Influences Surgical Out-

come in Down Syndrome Infants With Atrioventricular Septal Defect, 1062

Twenty-Two-Year Follow-Up in the VA Cooperative Study of Coronary Artery Bypass Surgery for Stable Angina, 1393

Two-Year Follow-Up in Pediatric and Adult Patients With Single-Pass Lead VDD Pacing System, 1054

Usefulness of Pulmonary Regurgitation Doppler Tracings in Predicting In-Hospital and Long-Term Outcome in Patients With Inferior Wall Acute Myocardial Infarction, 276

Usefulness of the Substitution of Nonangiographic End Points (Death, Acute Myocardial Infarction, Coronary Bypass and/or Repeat Angioplasty) for Follow-Up Coronary Angiography in Evaluating the Success of Coronary Angioplasty in Patients With Angina Pectoris, 382

Value of a Doppler-Derived Index Combining Systolic and Diastolic Time Intervals in Predicting Outcome in Primary Pulmonary Hypertension, 1157

Osteitis Deformans (Paget's Disease) and Calcific Disease of the Heart Valves, 1461

Severe Mitral Regurgitation Late After Healing of Myocardial Infarction from Calcification of the Posteromedial Left Ventricular Papillary Muscle, 662

### Valvular Heart Disease

Blood Rheology in Patients With Native Heart Valve Disease and After Valve Replacement, 250

Comparison of Late Results of Balloon Valvotomy in Mitral Stenosis With Versus Without Mitral Regurgitation, 51

Comparison of Vena Contracta Width by Multiplane Transesophageal Echocardiography With Quantitative Doppler Assessment of Mitral Regurgitation, 175

Long-Term Follow-Up of Rheumatic Patients Undergoing Left-Sided Valve Replacement With Tricuspid Annuloplasty—Validity of Preoperative Echocardiographic Criteria in the Decision to Perform Tricuspid Annuloplasty, 1013

Risk of Patients With Severe Aortic Stenosis Undergoing Noncardiac Surgery, 448

### Valvuloplasty

Comparison of Outcomes of Percutaneous Mitral Valvuloplasty Versus Mitral Valve Replacement After Resolution of Left Atrial Appendage Thrombi by Warfarin Therapy, 97

### Vascular Remodeling

Coronary Vascular Remodeling in Association With Endothelial Dysfunction, 1105

Design of a Randomized, Placebo-Controlled Multicenter Trial on the Long-Term Effects of Intermittent Transdermal Nitroglycerin on Left Ventricular Remodeling After Acute Myocardial Infarction, 719

Implications of Left Ventricular Remodeling in Hypertrophic Cardiomyopathy, 1339

Structural Constriction of the Artery Wall Contributes to Stenosis Severity in Unstable Angina, 1196

### Vascular Rings

Sonographic Diagnosis of Fetal Vascular Rings in Early Pregnancy, 101

### Vasodilation

Effects of Acute Cigarette Smoking on Endothelium-Dependent Arterial Dilatation in Normal Subjects, 1225

### Vasoreactivity

Effect of Plaque Burden on Coronary Vasoreactivity in Early Atherosclerosis, 401

**Vasovagal Syncope.** See **Syncope**

**Vena Cava**

Inferior. See **Inferior Vena Cava**

Superior. See **Superior Vena Cava**

**Vena Contracta Width**

Comparison of Vena Contracta Width by Multiplane Transesophageal Echocardiography With Quantitative Doppler Assessment of Mitral Regurgitation, 175

**Ventricular Fibrillation**

Antiarrhythmic Drug Effects on QT Interval Dispersion in Patients Undergoing Electropharmacologic Testing for Ventricular Tachycardia and Fibrillation, 588

Clinical Efficacy of the Wearable Cardioverter-Defibrillator in Acutely Terminating Episodes of Ventricular Fibrillation, 1253

Dispersions of the QT Interval in Postmyocardial Infarction Patients Presenting With Ventricular Tachycardia or With Ventricular Fibrillation, 694

Indications for Implantation of a Dual-Chamber Pacemaker Combined With an Implantable Cardioverter-Defibrillator, 1360

Late Outcome of Survivors of Idiopathic Ventricular Fibrillation, 999

Telemetry-Documented, Pace-Terminable Ventricular Tachycardia in Patients With Ventricular Fibrillation, 235

**Ventricular Function**

Effects on Left Ventricular Mass and Function of Low Doses of *Enalapril* for Systemic Hypertension, 87

Relation of Ultrasonic Tissue Characterization With Integrated Backscatter to Contractile Reserve in Chronic Left Ventricular Ischemic Dysfunction, 68

**Ventricular Mass**

Effects on Left Ventricular Mass and Function of Low Doses of *Enalapril* for Systemic Hypertension, 87

**Ventricular Mechanics**

Quantification of the Myocardial Response to Low-Dose *Dobutamine* Using Tissue Doppler Echocar-

diographic Measures of Velocity and Velocity Gradient, 615

Quantification of the Myocardial Response to Low-Dose *Dobutamine* Using Tissue Doppler Echocardiographic Measures of Velocity and Velocity Gradient (*Erratum*), 1066

**Ventricular Rupture**

Comparison of Ventricular Septal and Left Ventricular Free Wall Rupture in Acute Myocardial Infarction, 495

**Ventricular Septal Defect**

Spontaneous Closure of Ventricular Septal Defect, 100

**Ventricular Tachycardia**

Antiarrhythmic Drug Effects on QT Interval Dispersion in Patients Undergoing Electropharmacologic Testing for Ventricular Tachycardia and Fibrillation, 588

Determinants of Tachycardia Recurrences After Radiofrequency Ablation of Idiopathic Ventricular Tachycardia, 500

Dispersions of the QT Interval in Postmyocardial Infarction Patients Presenting With Ventricular Tachycardia or With Ventricular Fibrillation, 694

An Episode of Ventricular Tachycardia During Long-Duration Spacelight, 1391

Telemetry-Documented, Pace-Terminable Ventricular Tachycardia in Patients With Ventricular Fibrillation, 235

Ventricular Late Potentials, Interstitial Fibrosis, and Right Ventricular Function in Patients With Ventricular Tachycardia and Normal Left Ventricular Function, 790

**Ventricular Wall Motion**

Right and Left Ventricular Wall Motion Velocities as Diagnostic Indicators of Constrictive Pericarditis, 465

**Verapamil**

Effects of *Verapamil* on Indexes of Heart Rate Variability After Acute Myocardial Infarction, 1085

**Walking Test**

Effects of Maximally Tolerated Oral Therapy on the Six-Minute Walking Test in Patients With Chronic Congestive Heart Failure Secondary to Either Ischemic or Idiopathic Dilated Cardiomyopathy, 1370

Reproducibility of the Six-Minute Walking Test in Patients With Chronic Congestive Heart Failure: Practical Implications, 1497

**Warfarin**

Comparison of Outcomes of Percutaneous Mitral Valvuloplasty Versus Mitral Valve Replacement After Resolution of Left Atrial Appendage Thrombi by Warfarin Therapy, 97

Long-Term Follow-Up of St. Jude Medical Prosthesis in a Young Rheumatic Population Using Low-Level Warfarin Anticoagulation: An Analysis of the Temporal Distribution of Causes of Death, 736

**Weightlessness**

An Episode of Ventricular Tachycardia During Long-Duration Spacelight, 1391

**Women**

Baseline Serum Total Cholesterol and Coronary Heart Disease Incidence in African-American Women (The NHANES I Epidemiologic Follow-Up Study), 1246

Comparison of Factors Associated With 30-Day Mortality After Coronary Artery Bypass Grafting in Patients With Versus Without Diabetes Mellitus, 7

Efficacy of Low-Dose Combination of *Bisoprolol* Hydrochlorothiazide Compared With *Amlodipine* and *Enalapril* in Men and Women With Essential Hypertension, 1363

Estrogen Replacement Therapy and Exercise Performance in Postmenopausal Women With Coronary Artery Disease, 259
